

The rule: Get married and have a baby. When Grandpa Stinson dies, he expects nothing more than to keep his grandsons together, running the familys multibillion-dollar business. But hes got just one unfaltering rule: they have to get married and have a baby first. The brothers disagree...wholeheartedly. But its set in stone. Follow the rule or youre the one grandson out of luck... Stubborn, rugged, but oh-so-sexy, Roark Stinson, the oldest brother, refuses to give in to his grandfathers manipulations. After all, women are the root of all evil, and hes never witnessed a relationship that actually works. Then it hits him; it doesnt have to work. Roark just needs a warm body to agree to the terms... Zoe Morgan never wanted to be anyones means to an end, especially not Roark Stinsons. But his proposal is one shes in no position to refuse--cant refuse. When the stakes are this high, a warm body might just be exactly what she needs. Maybe--just maybe--Grandpa Stinson knew exactly what he was doing...
