

Its Black And White #3 This is part three of the Its Black And White series. After Michael escapes his thug ex-boyfriend C-Rock into the arms of the handsome and wealthy boxer, Max, his life goes from one extreme to the other. When C-Rock makes an unexpected appearance back into his life, he realizes that C-Rock will stop at absolutely nothing to get revenge. Taking Max's advice, he realizes that he needs to make a move quick, or risk losing everything. The only question is whether or not they can make it out alive... or will C-Rock drag them down to his level and beat them with experience? This series contains many explicit sex scenes and graphic depictions of lovemaking in various places. It should only be read by mature adults. Excerpt: I raised my voice to protest, but before I could even finish my first sentence telling him not to do it he was hitting the brakes and pulling over. "Michael, look at me." I stared into his eyes, and he held my gaze with a serious expression. "This isn't a joke, Michael. He is trying to kill us." He stressed the last part, and it was finally starting to sink in. Maybe he's right, this has to be done. I looked away and nodded my head. "OK. But how are we supposed to do this without him finding out?" "What do you mean we, I'm the one who's going to do this. We need an alibi. You need to go away somewhere, during the exact time that all this shit is going down, where nobody will recognize you. Then you can take a picture of yourself from my phone and upload it to Instagram or something, tag us at some other location far away! That way I have some proof I was somewhere else during the..." His voice trailed off, and I could tell he didn't want to acknowledge what he was about to do. I knew that unlike C-Rock, Max was only doing what he thought was the best for me. He could easily just dump me and let me fend for myself, but he wasn't. I don't know how we got so close so fast, but there's no way I was going to let him go now. "Alright, whatever you want to do Max, I'm behind you." "That's what I want to hear. Now just try and stay calm, this will be over before you know it. For now, we're going home." \*\*\* When I woke up the next morning, it was with a heavy heart. Sunlight shone through the windows, and I rolled over to check my phone. 11 AM? I had slept in for the first time in ages. I glanced over at Max, who was sleeping soundly on his back, his muscular chest moving up and down as he breathed in, looking like every single one of my fantasies. I ran my finger over his face softly, tracing his black eye. It didn't do anything to make him any less attractive, if anything it just gave a rough edge to his handsome face. As I stared at him I felt warmth inside of me, just from knowing that I could call this handsome man my own. Slowly, so I wouldn't wake him up, I peeled back the sheet covers. He was sleeping naked, and I got an idea on how to make him feel better.
