

Excerpt from King Arthur and His Noble Knights: Stories From Sir Thomas Malory's Morte Darthur There is no more delightful book of its kind in the English language than Malory's Morte Darthur, and there are few that in certain periods at least have had more numerous or more illustrious readers. It was written at a time when our language was greatly unsettled, and it undoubtedly exercised much influence in settling it. It furnished an excellent specimen and a conspicuous standard of English prose. At an epoch when the age of chivalry was swiftly passing away, it caught and preserved its fading colors. It reduced the old cumbrous and endless Romances to convenient and readable dimensions, and provided a charming summary of them both for its own age and all ages to come. With a volume of such importance in so many ways it is well to begin an acquaintance as soon as may be. And it is hoped that this selection and simplification of Malory's stories may be of service in introducing young students to one of the masterpieces of medieval literature, and in exciting in them a desire to know it fully and directly. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
