She™s on Darqueworld: an intragalactic society 400 light years from Old Earth, where Other-beings and humans co-exist and vampires are no big deal. Nico can have a normal student life at last and even date a diner waitress she likes. But there™s a darkened spot in her mind, one blanking out her immediate past, and the spectre of Nicos maker haunts her. Only in Again New York™s underworld can Nico find what pursues her—and kill it again. • Way to go, Super Nico! • • I am not super, • Nico snapped. • Got it. Stupid nickname. You are Lone Nico and Bear. • Meet Nico Alexikova and Bear: Eighteen years old at death and fifteen years unliving, Nico worked hotel front desk, nightshift, attended universities, and led a quiet life on Old Earth. But unknown circumstances sent her to Darqueworld, and with no memory of her immediate past, she can only rely on herself, Bear, and her knife in a futuristic, spacefaring society with creatures like her—and with women she could care for. Heloise Allen: Tall, dark, and sharply beautiful, shes a vampire chrono-refugee with affluence, connections, and the possible answers to Nicos past—if Nico can trust her. Shayla OFey: As seemingly light as Heloise is dark, shes a Lucys Diner waitress and witch Nico cant help falling for. But Shayla is also a covens ex-Pistol, their former peacekeeper, and her history with vampires is not kind. Enjoy the Darquepunk Universe: Preternaturals take to the stars, but the gods and goddesses had long gone first, in sentient sky boats, chariots, and Valkyrian ships, to found a planet of quakes, dreams, and monsters. Darqueworld: where spacefarers and chrono-travellers seek answers and riches amid celestial corporations and refugee Other-beings. Weird-matter wielders, shifters, vampires, intragalactic species, bio-mechanical beings, artificial constructs—and mere humans; every adventurer and outcast with a dream or desire, come to Darqueworld for haven or hell.
