

**BOOK #1: Preppers Survival: 25 Survival Strategies that Will Save Your Life** Are you a prepper just starting out? Or maybe you have been prepping for what could happen for a while? Or even just someone interested in finding ways to survive in the dangerous world we live in? Either way, **Preppers Survival: 25 Survival Skills That Will Save Your Life** is the book for you. Survival during these dangerous times can be something many people think about, but not sure how to gather the information needed. It is something that families need to be prepared for. What if you were stranded in an area without food or water, would you know how to get drinkable water or food that will be healthy? This book will help you prepare for the things that people don't like to think about. This book covers the following topics: Fire Water Food Other

**BOOK #2: Home in Disaster: Prepare Your Home and Protect Your Property Before the Disaster Knocks on Your Door** Are you prepared for an emergency? In **Home in Disaster**, you will learn the essentials everyone needs to survive a series of emergencies, both naturally occurring and man-made, how to protect your home and family and most of all, how to have the will to live, in the best and worst of instances. With that in mind, this book lays out specific scenarios to get you thinking about how you could handle a disaster before it arrives. Some of the situations that you'll read about include: Earthquake preparation " what to do before the ground starts shaking and why you need to think ahead. Contagious disease outbreaks " what happens when the illness is not contained and you can't seek out help for your regular first aid needs. Blizzard conditions " what makes blizzards so terrifying and why it isn't just enough to run out before the storm hits to get milk and bread from the store. Terror alerts and attacks " what to do when to combat weapons of mass destruction.

**BOOK #3: Survival Guide for Women: Get Your Family Ready for Any Disaster** Typically underrated during times of disasters, women are the backbone of communities and families. Throughout history and in many cultures, women are looked at to perform passive roles. It is now known that women are more than just nurturers and providers during disasters—they stand alongside their male counterparts or even, at times alone, actively being the glue to keep their families and loved ones out of harm's way. Being prepared for a disaster can determine how you act during the real situation.

**Survival Guide for Women: Get Your Family Ready for Any Disaster** not only identifies potential disasters, but is also a step by step how to guide on what to do should you find yourself in disastrous situations with your family. Arm yourself with the knowledge of what to do before, during, and after any situation. Topics discussed include the following: A brief discussion on women's roles during times of disasters What is a disaster How to prepare your home for any disaster Hurricanes and major storms Tornadoes Earthquakes Cold Weather Disasters Fires Road Accidents Key Elements of a Circuit Breaker
