

Pyramids, pyramid energy Its effect on human body, clinically proven This is Radovanâ€™s first publication which has special background of creation. It is a scientific book which sheds new light on pyramids, pyramid energy & its effects on the human body. Author managed to gain some information from his dream, mainly the graph of (Bio)Resonance & was subsequently used in this first book. Did you know that each organ works on a specific frequency & colours? Did you know that human organs are connected to the seven elements? Pyramid energy is created from the combined energies of all seven elements around us. The completely new information in this dramatic new book is based on meticulous scientific research endorsed by sources & full references which are clearly stated. Book explains How science/doctors accept & explain mysterious pyramid energy How scientists succeeded in taking photographs of pyramid energy by high frequency high voltage technology Pyramid energy is a form of electromagnetic frequency signals How human organs/chakras work on frequencies matching specific colours Pyramid energy has an effect on human organs, cells, DNA due to the Bioresonance ??? Bioresonance Bioresonance is an electrotechnical phenomenon whereby we understand the same frequencies exist in pyramid and human body (Solfeggio frequencies). Comparable is technology of radio waves - pyramid as transmitter of frequencies and human body serving as receiver of these same frequencies. Due to these frequencies & Bioresonance, organs, cells work to their maximum performance which speeds up & enforces self-healing & the self-regenerating processes of human body. This technology is capable to naturally heal any kind of disease including Cancer. ??? What doctors say about pyramid energy and its healing powers Pyramid technology has been used for long time in many medical facilities mainly in Slovakia, Poland etc. In 2012 internist doctor MUDr. Vojtech Popik, private medical facility Cumulus Ltd., Slovakia, Eastern Europe, said: We use pyramid energy as supportive alternative healing method in field of physiotherapy, balneology & healing rehabilitation. Healing technology is used as complementary alongside with conventional healing medicine. Principle is within using & harnessing positive effects of pyramid energy on human body. Impulse to the use of pyramid energy was based on study of relevant amount of scientific literature same as interest to develop this kind of alternative healing for prosperity of the health. In the category of physiotherapy, balneology & healing rehabilitation we came to following evidence & statistics: \*85 % of patients - positive effect & faster healing by pyramid energy \*10 % of patients - minimal or non-existent effect \*5% of patients - patients cannot stay inside the pyramid for the recommended time period â€œ ??? Briefly about author & his personal note Radovan has been doing professional, deep & profound research within the field of Pyramidology & pyramid energy. The technology of pyramids has been helping me & my family personally with many health problems & diseases â€• physical & mental. My sincere intention is to help people by providing relevant information & research results to show people being naturally healed in the same way as I have been doing myself.
