

Wood Technology & Processes is a comprehensive woodworking text for high school that introduces basic and advanced woodworking operations with clear instructions and illustrations. Besides the a??Woodworkera??s Handbook,a?? and a four-color presentation of the tools and materials of the woodworker, this edition has a-new section on a??Advanced Woodworking Techniques,a?? including clamping techniques, router table techniques, face framing, use of the miniature lathe, and step-by-step instructions on how to make various kinds of joints. New projects with detailed step-by-step procedures have been added to the Better Homes and GardensAA® WOODAA® Magazine Projects at the back of the book.
