

This set contains ALL 3 books from Tess Olivers Years from Home Trilogy. **BOOK 1- DISTRACTION:** As false accusations of witchcraft consume Salem Village, eighteen-year-old Poppy Seabrooke, a true witch, is content to stay away from the hysteria and more importantly from the relentless advances of Angus Wolfe, a powerful warlock masquerading as Salem's pastor. When Poppy uses her magic to help a young boy, she is arrested. Angus is the only person who can help her, but, in return, she must promise her hand in marriage. In desperation, Poppy's grandmother sends her two hundred years into the future to hide. Poppy finds herself years from home in the middle of a strange place called Montana where rooms light up without candles or sorcery, steam puffing dragons roar across fields on tracks, and cows sprout horns as long as tree trunks. And while Poppy hides from the man who turns her heart cold as ice, she discovers the man who can set it on fire. Cade Tanner has always lived fast and hard, and he prefers it that way. The last thing he needs is a girl to distract him from running the cattle ranch his father left him. But Poppy, the sweetly innocent beauty with the soft smile and dark eyes, who seemingly fell from the sky, is tough to ignore. But Cade soon finds that falling for Poppy comes with a dangerous price. **BOOK 2- UNBREAKABLE:** Poppy Seabrooke knows one thing for certain; she would rather die than end up married to the warlock, Angus Wolfe. Thanks to Angus, she is a complete stranger to Cade Tanner, the man she loves, and true happiness seems far from reach. But after Cade saves her from nearly drowning, she senses that he has not forgotten her completely. Cade Tanner walked out of the jailhouse convinced that something wasn't quite right ... as if he'd left something behind. Something he needed badly. Then an accidental brush with the U.S. Marshals wife changes everything and nothing in his life will be the same again. **BOOK 3- DESTINED:** All Poppy Seabrooke wants is to marry the man she loves, Cade Tanner, but she has unwittingly signed a blood pact promising herself in marriage to Angus Wolfe, a powerful warlock. And in the witch's realm, the pact is unbreakable. Now unless the past can be changed, happiness is forever out of her reach. Cade Tanner would follow Poppy Seabrooke to hell and everywhere in between if it meant she'd be his forever. When Poppy's powerful aunt and grandmother devise a scheme to break the pact with Angus, Cade and Poppy are transported back to fifteenth century England. But Cade soon finds that Angus Wolfe isn't the last of his troubles.
